

"For over 50 years I have always kept Ayer's Cherry Pectoral in the house. My father often told me that it saved my life when I was very young."

In thousands of homes Ayer's Cherry Pectoral is a household word. It has been used first by the grand-
parents, then by the parents, and now by the children. For colds and coughs, croup, bronchitis, la grippe, inflammation in the throat or in the bronchial tubes,

Ayer's Cherry Pectoral

is the standard remedy the world over. It contains no narcotic or poison. Accept no substitute. Put up in large and small bottles.

OPIUM SMUGGLER PASSES AWAY

W. A. Whaley, Well Known Here,
Died on Transport
Thomas.

The news has come back from San Francisco of the death of William A. Whaley, formerly well known in these islands in connection with opium smuggling, and also for the lavish entertainments which he gave while here. He left Manila, where he has been for some years past, on the Thomas, on July 14, and died at sea on July 28 from

reigned in Honolulu in 1889-90, whose career here was brilliant but meteoric, is now the proprietor of a theater in Manila. Although reported dead several times since he left Hawaii for the last time, Whaley is very much alive, but his business affairs have not thrived so well as when he came here and spent money lavishly.

"Whaley was a handsome man, and upon arrival made friends with the inner local set. His dinner and other entertainments were elaborate and none at this time suspected that he was engaged in evading the police and smuggling poppy juice by the wholesale into the city from mysterious schooners and yachts which were reported to have been seen near the islands and as suddenly disappeared. The beautiful yacht Halycon was Whaley's and is supposed to have made a fortune for him in the illicit business."

THE LATE CAPTAIN WHALEY.

Bright's disease. The following clipping from the Manila Times tells of his departure for the Coast:

"Among those whom the transport carried as passengers in the sick bay was William A. Whaley, known here and on the China coast as a 'hustler' for many years. He was one of the first proprietors of the old Alhambra theater. Suffering from Bright's disease, he had been confined in the St. Paul's hospital in a weak condition for 39 days before he sailed in the hope of recovering his health in the city of San Francisco which claims him as one of its sons."

The Advertiser of November 6, 1904, told of Whaley as follows:

"Will Whaley, the opium king, who

OVERTAXED

HUNDREDS OF HONOLULU READERS KNOW WHAT IT MEANS.

The kidneys are overtaxed; Have too much to do.

They tell about it in many aches and pains—

Backache, sideache, headache, Early symptoms of kidney ills. Urinary troubles, diabetes, Bright's disease follow.

A Honolulu citizen tells here a certain cure.

James E. Howard, a resident of Honolulu, writes: "I feel it incumbent upon me to inform you of the benefit I have derived from the use of Doan's Backache Kidney Pills. I had been a sufferer from backache and kidney trouble for years, but after using a few boxes of Doan's Pills found great relief and have had no recurrence for at least six months. I am seventy-two years old, having served three years during the late Civil War in the United States, where I undoubtedly contracted the kidney disease by exposure and hardships. I feel very grateful for the relief I have received, for I had previously tried various remedies without success. You may use this statement for publication as you see fit."

Doan's Backache Kidney Pills are for sale by all dealers. Price 50 cents per box, or sent by mail on receipt of price by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands. Remember the name Doan's, and take no other.

THE DOCTOR AWAY FROM HOME WHEN MOST NEEDED.

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like cramp, colic and diarrhoea require prompt treatment, and in many instances prove fatal before medicine can be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. Sold by all dealers, Benson, Smith & Co., Ltd., agents for Hawaii.

WHY THE SYMPHONY CONCERT IS GIVEN

For many years, the Honolulu Symphony Society has been the means of providing gentlemen of Honolulu who are talented in music and of a studious mind with the advantage of meeting others of similar attainments. The mere work of practicing is hard at its best and by degrees those who enjoy a social hour after twice as many in painstaking effort introduced a little Dutch supper and conversation afterward. Then there were those—there always are—who wished to simply listen and get the great pleasure of hearing piece after piece of the composers rendered. When news of the good music and interesting reunions came to the ears of the relatives and friends of the members, the ladies were invited and even better results followed, for occasionally they were asked to be on the program.

It is to include the ladies and share this enjoyable mode of entertainment that the present symphony entertainment is to be given. During the program, most of the audience will be seated and at the conclusion a few chairs will be cleared away and the refreshment room will supply a light buffet supper that all will enjoy. The proceeds of the entertainment go to defray the general expenses of the club.

THE MARDI GRAS AT THE SEASIDE

No social event that has ever occurred in Honolulu has aroused the interest that the prospective masked ball at the Seaside on Tuesday next has awakened. The object of sending the polo team to the coast is a worthy one, while the many unique features, together with the superb grounds and pavilion, ensure the crowd of history. New features will appear in later issues.

OFF FOR SOUTH POLE.

The steamer Endurance sailed from London on July 30 with the English South Polar Expedition, commanded by Lieut. E. H. Shackleton, on board. Winter quarters for twelve persons with provisions for two years will be established on King Edward VII. Land, and an attempt will be made to reach the South Pole during the summer of 1908. The equipment includes a motor car provided with different sets of runners for travel over surfaces of varying softness, twelve Siberian ponies, and twenty-four dogs.

IF FEET COULD TALK

Everybody would walk on the heels and soles put on by us. Why? Because we don't stretch your shoe out of shape by driving a big wooden last into a narrow opening, tearing the lining and straining the welt following this by an effort to draw it up in the uppers. We do not use lasts at all; come and see the modus operandi. Come and watch a man putting on a sole a minute. And we use the best tanned leather. We have a motto which says keep up the quality and do not throw away old shoes.
